The fee for patients from household with incomes of 101% up to 200% of poverty guidelines is $20.00.

Please send the appropriate fee with the application.

Dental Program Guidelines and Expectations – Parent/Guardian -Please Read Carefully and Sign Below

- The Knox County Health Clinic Dental Program provides exams, cleanings, sealants, simple fillings, partials, dentures, and extractions for children and adults, whose family earnings are at or below 200% of federal poverty guidelines .

- Priority is given to those who need dental care for pain and infection control and to children who have been unable to receive dental care previously. There is often a wait for services.

- The charge for dental services is either $5.00, $10.00, or $20.00 per visit based on your total gross household income. This must be paid prior to or at your visit to receive service.

- **Parent/Guardian proof of income must be provided with the completed application**, such as copies of pay stubs, SSI statements, or tax returns.

- **You must cancel your appointment at least 24 hours in advance or you will still be charged. If you do not cancel your appointment with proper notice you will be removed from the dental program and will not be able to receive dental program services. There are a lot of people in need of dental care, so we have a one strike and you're out policy!**

To the best of my knowledge, all of the preceding answers and information provided are true and correct. If my child ever has any health changes, I will inform the dental staff at the next appointment without fail.

Consent for services: I consent for my child to be treated by the Knox County Health Clinic Dental Program. I understand that

- I must give at least 24 hours advance notice if I need to cancel my child's appointment.
- **If I do not cancel my child's appointment in advance, I will lose the appointment fee, my child will be ineligible for future dental services and they will be removed from the program.**
- The dental program can only provide basic dental care such as exams, cleanings, simple fillings, extractions, dentures. Crowns, bridges, root canals and extensive periodontal work will not be provided.
